

Even if you're renting, your precious contents are now as safe as a house.

While there are many insurance options for homeowners and landlords, it hasn't always been easy for tenants to get the cover they need at a reasonable cost, without a complicated application process and rigid security requirements. EBM Insurance Brokers changes that by giving you peace of mind at low cost with TenantCover.

Affordable premiums and easily achieved security requirements make TenantCover the smart choice for tenants, with features including:

- Cover for contents up to \$25,000 against theft or damage by fire, explosion and storm.
- Cover for your property kept on the premises as long as reasonable security measures are in place – like working locks.
- Legal Liability cover (such as when someone injures themselves on the property you rent and you are at fault) for up to \$10,000,000.
- Premiums commence from as low as \$125 per year for \$25,000 cover.

Features of TenantCover.
