

**The other essential
cover for painters.**

| **TradesPlusCover**

As a professional painter or decorator, you know how important it is to 'prep' thoroughly for every job.

An essential part of that 'prepping' must be insurance, because even if you're a subcontractor you can't always rely on the head contractor's insurance to cover you.

TradesPlusCover gives you the cover a painter or decorator is likely to need, at a low cost premium - and you can choose from broadform liability (\$5 million, \$10 million or more) and/or property cover for your tools, plant and equipment.

If you're looking for great value, the personal service EBM provide and the right industry-specific features in your insurance cover, consider the benefits of TradesPlusCover:

Liability

- cover for your contractors and subbies, whilst performing work for you;
- automatic principals cover;
- overspray cover; and
- cover for goods in your care, custody or control, up to \$250,000.

Property

- cover for tools, plant and equipment against accidental loss or damage;
- cover for tools, plant and equipment if stolen from an unlocked building or vehicle;
- no need to specify each and every item under \$5,000 in value; and
- loss of records covered up to \$10,000.
